Salerno had a sixth sense to find the hidden treasures at the houses they robbed. Fun fact: He wouldn't touch any other jewellery that might have been laying around when he came in, so that when the owners returned, they took longer to notice they had been robbed.

The Dupont Family heist was one of the biggest robberies in US, taken jewellery for the amount of 12 million dollars in one night, topping the escapade with a boat getaway from the port of the mansion.

Just to add some drama to the plot we guess.....
