WELCOME TO THE BURGLAR'S LAIR

The wine is flowing, the oysters are on ice, and the Fat Cats of Manhattan are showing off their treasures. But not everyone at the party is on the guest list... Rumor has it the Dinner Set Gang knows these houses better than than butlers.

THE BURGLARS SECRET

Rumor has it the Dinner Set Gang never left a party empty-handed... except one. In the Fat Cats' study, they found a small oak barrel resting quietly in the corner. Inside: whiskey softened with butter and time. They poured a glass, took a sip... and decided some treasures are too good to steal.

BUILD YOUR MARTINI

Before it was ordered in casinos, it was stirred in drawing rooms.

Rumour has it certain well-dressed gentlemen passed quietly through a few Fat Cats mansions — and helped make it famous.

We still stir ours properly, with a lemon twist.
